## Monday/Wednesday - January 11 & 13

**9:30 a.m. - 11:45 a.m. (Choose one class)**

- Scaling Down With Style**  
Join Inge Wiesehan of Lippman's Furniture as she explores the "moving to a smaller home" concept. Inge will discuss various concerns related to the concept. Participants are encouraged to bring questions and concerns for discussions.
- A Mountain High: Experience the BIG Ones!**  
Barb Gurtler, amateur mountaineer, whose goal was to reach the highest point on all seven continents. She will use slides extensively to share four expedition experiences.
- Wandering the World Wide Web**  
A first foray into the World Wide Web for those who are comfortable with computer hardware. Class will be taught by Jon C. Neidy.

**1:00 p.m. - 3:15 p.m. (Choose one class)**

- You Can Grow Orchids, Too!**  
Dr. L.H. (Bert) Princen has raised, bred, and displayed orchids for 35 years. He will look at the biology of orchids in the wild and in cultivation and will make recommendations on the best types to grow.
- Today's Medicine to Stay Fit**  
The usual effects of aging on the ability exercise and stay fit will be discussed by Bruce Schellhammer, Director of Great Plains Sports Medicine and Rehabilitation Center. Topics will include common injuries, exercise recommendations, and treatment alternatives.
- Debunking the Mouse Mystique (Computer I)**  
Susan Cribbs, Program Director in the Division of Continuing Education will give a very basic introduction to computers in plain English! Class is designed for those with no previous experience.

## Tuesday/Thursday - January 12 & 14

**9:30 a.m. - 11:45 a.m. (Choose one class)**

- Is the Weathermen Always Right?**  
Weather Whys in Central Illinois  
Lee Ranson, Peoria TV weather anchor for over 25 years will explain how weather differs here from other parts of the United States.
- Author! Author! What Do I Read Next?**  
Peoria Public Library personnel will present popular books in the genre of mysteries, romances, westerns and popular fiction. A special surprise will include several current authors who will talk about their works.
- Debunking the Mouse Mystique (Computer I)**  
Susan Cribbs, Program Director in the Division of Continuing Education will give a very basic introduction to computers in plain English! Class is designed for those with no previous experience.

**1:00 p.m. - 3:15 p.m. (Choose one class)**

- Lydia Moss Bradley and Her Victorian Counterparts**  
Dorothy Sinclair will look at the lives of Lydia Moss Bradley and other women who lived in Peoria in the Victorian era. Mrs. Bradley, philanthropist of the late 19th century, is nationally recognized today. Her High Street and Moss Avenue counterparts are also interesting, even if less known.
- Piano Music and Related Topics**  
Edward and Janet Kaizer, Bradley faculty and performers here and abroad will include piano performance and narratives on related topics.
- Introduction to Windows 95**  
John Picco is a veteran ILR and Senior Net teacher starting his 31st class. Class information will include starting and quitting programs; working with files and folders; maximizing, minimizing and resizing windows.
