# WHAT IS OLLI?

The Osher Lifelong Learning Institute (OLLI) is an organization at Bradley University whose members, age 50 and older, want to stay active as they reach and enjoy retirement. One way to do that is to keep learning, and OLLI offers them many options.

Participants enjoy a diverse collection of year-round programs including non-credit classes, educational travel, study groups, and cinema events. The only pre-requisite is that you enjoy learning!

OLLI at Bradley has nearly 1,100 Peoria-area members who are enjoying the best of life-after-50 as they participate in educational events designed just for them. The relaxed and friendly atmosphere of OLLI only adds to their experiences. It's learning their way!

OLLI offers several programs during its Summer program: learning trips, cinema, and study groups. You'll find each of them described in this brochure.

# WE ARE OLLI!

OLLI volunteers are the heart and soul of our organization. We celebrate our success due to their efforts. Thank you!

## A Letter From Your OLLI President

It is my honor to serve as your OLLI president for 2016-2017 and to welcome you to our summer season of learning. I believe OLLI at Bradley University is among the very best lifelong learning institutes across the country, and it is my goal to do everything possible to make your OLLI experience even better in the coming year.

As you review the following pages of learning trips, cinema events, and study groups, I know you will find many interesting opportunities to explore, discuss, reflect, and learn. Although we don't host classes this season (stay tuned for exciting news about that in 2017), we do offer myriad ways for you to stay engaged in the summer months!

The summer also marks the end of our fiscal year at OLLI. **I encourage each of you who has not yet made a charitable contribution in the past 11 months to please consider doing so by the end of May so we can reach our fundraising goal.**

Our goal is to raise \$50,000 by May 31 to renovate the Michel Student Center with soundproof walls and a new audio system, to provide ongoing maintenance for our new shuttle buses, sponsor cinema and lecture programming, award student volunteer scholarships, and invest 5% of total gifts for future needs.

Our membership levels are at an all-time high, and our programming is top-notch ... but we need your financial support to make our plans a reality. OLLI relies on a culture of giving – modeled generously by The Bernard Osher Foundation. The long-term sustainability of an OLLI calls for contributions from members who see that benefits from their involvement far exceed program fees and interest from our investments.

As you can see from the graphic, we are about halfway to our \$50,000 goal. Wouldn't it be wonderful if all of our OLLI members would make a contribution – of any amount – to help our lifelong learning program benefit YOU now and to help sustain it for FUTURE generations?

Please help us build a better OLLI by donating online at [bradley.edu/olli/giving](http://bradley.edu/olli/giving), or call (309) 677-3900.

**July 14 and 21: discussions at Peoria NEXT  
Innovation Center**

Would you risk being killed, beaten, arrested, fired, or having your home or church bombed or burnt, so that you could register to vote or help others to register? These risks were present during a terrifying Mississippi summer in 1964. Hundreds of committed activists from all over the country took such risks to help African-Americans in the state register to vote, a right granted in the United States Constitution, but blatantly denied in practice. The country witnessed the extreme bravery of the activists and the future voters, as both fought for a right that many of us take for granted today – equal access to voting.

The story of that summer is clearly told in Stanley Nelson's documentary film, *Freedom Summer*. We will view the film in our first session to learn what happened (including the murders of three student activists), then start a conversation about voting access. In the second session, our conversation will continue, using the film and provided readings as we discuss the impact that volunteer effort had on voting practices nationwide, and where we are now regarding voting access. The last session will be a conversation led by members of the League of Women Voters on voting opportunities, practicalities, and challenges. For those attendees who want to transition from conversation to action, an optional add-on activity will be offered to become trained as a registrar and then participate this fall in the registration of Bradley and/or OLLI students for November's general election.

\$29 – moderated by Pat Landes, member, League of Women Voters of Greater Peoria, and OLLI volunteer, instructor, and facilitator.

Dinner and a Movie combines the screening of a film and the conversation that follows by visiting a theatre, sharing a meal with your peers, and enjoying a unique cinema experience.

## **2. The Paramount Theatre in Aurora:**

***Seven Brides for Seven Brothers***

**Monday, August 15**

**8:00 a.m. – 7:30 p.m.**

On this day-long trip to Aurora, we will dine at the historic Two Brothers Roundhouse, the oldest roundhouse in North America. In the mid-1990s, Chicago Bears football star Walter Payton renovated the building, and it is now home to Two Brothers Brewing Company. After lunch, we will head downtown to tour the Paramount Theatre, opened in 1931 and designed with precise acoustics and sight lines to ensure there isn't a bad seat in the house. Following our backstage tour, we will view the 1954 comedic musical, *Seven Brides for Seven Brothers*, which follows the playful story of a backwoodsman who brings his new wife back to his Oregon cabin, where she is surprised to find his six brothers who want to get married, too. Nominated for Best Picture of 1954, it is known for its outstanding dance sequences. At the film's conclusion, our discussion will be moderated by Tom Scanlon, Head of Audio for the Broadway Series at the theatre.

\$99 – includes tour, film screening, moderated discussion, lunch, gratuities, and round-trip charter coach transportation

*OLLI members travel to Galesburg's Orpheum Theatre to view Sunset Boulevard.*

## STUDY GROUPS

If you're like many OLLI members, you want to learn more about the things that interest you. That's what study groups offer - the opportunity to investigate a topic in depth with like-minded peers. You may work independently outside the group; you may lead the group; or anything in between. Study groups are your connection to studying what you most enjoy with people who share your enthusiasm.

Study Groups meet at Bradley University and several satellite locations throughout the community, and are categorized by the anticipated level of member participation as described below. These groupings are general guidelines, however, and could change depending upon facilitator needs.

- **Discussion-based:** participants may be asked to read material and participate in whole group discussions.
- **Participation-based:** participants may be asked to read material, participate in small group breakouts/discussions, do research and/or make brief oral reports.
- **Practice-based:** participants may be asked to learn a skill set and engage in practice between sessions.

### DISCUSSION-BASED

**1. On Henri J.M. Nouwen**  
**Fridays, June 3 – July 15 (Skip July 1)**  
**9:30 – 11:45 a.m.**

#### Peoria NEXT Innovation Center

“One of the main tasks of theology is to find words that do not divide but unite, that do not create conflict but unity, that do not hurt but heal,” said Henri J.M. Nouwen, priest, professor, writer, and theologian. This study group offers participants the opportunity to connect with Nouwen's life wisdom and to explore one of his classic works. Required readings are *A Spirituality of Life* (63 pages) and *The Return of the Prodigal Son* (139 pages), available from local or online retailers and libraries.

\$45 – facilitated by Rev. Dr. Arvil Bass, retired pastor of Christian Church (D.O.C.), Regional Elder for Illinois Valley Cluster Congregations, Spiritual Director, and retired Chaplain from OSF.

**2. Exploring America's Roots and Art at the Smithsonian American Art Museum**  
**Wednesdays, June 8 – June 29**  
**1:30 – 3:30 p.m.**

#### Bradley University, Caterpillar Global Communications Center

OLLI has the distinct honor of being chosen as a host site for the Smithsonian American Art Museum's *Exploring America's Roots and Art* series. Using state-of-the-art

videoconferencing technology at Bradley University, participants will connect with art at the museum and will examine our country through the eyes of artists in different eras. After a warm-up session to explore how to analyze and understand artworks, Smithsonian presenters will facilitate our journey of the choices artists make when creating their works, the historical context of the creation of our nation, the depictions of the people, lifestyles, and landscape of the 19th-century West, and how artists make specific aesthetic choices in order to communicate social, political, or cultural ideas.

\$45 – co-facilitated by Pat Barton and Deb Clay.

**3. The Emperor of All Maladies: A Biography of Cancer**  
**Fridays, June 10 – July 22 (Skip July 1)**  
**9:30 – 11:45 a.m.**

#### Peoria NEXT Innovation Center

Cancer doctor and researcher Dr. Siddhartha Mukherjee has written a masterful book about the history of cancer. Selected as a top ten book of 2010, *The Emperor of All Maladies* explains cancer from scientific, medical, and human perspectives in order to enhance understanding of the struggle mankind has faced with this disease over the centuries and to give hope for the future. Participants will read selections from the book, available from local or online retailers and libraries, and view video clips from the PBS series to prompt discussion of different aspects of the disease and medicine's attempt to conquer it.

\$45 – facilitated by Tom Pilat, retired Professor of Human Anatomy and Physiology at Illinois Central College and Carol May, retired Social Science Professor at Illinois Central College, OLLI cinema committee chair, study group committee member, and frequent facilitator.

**Tuesdays, June 7 – July 12 (Skip July 5)**

**9:45 a.m. – 12:00 p.m.**

##### **Peoria NEXT Innovation Center**

In this study group, participants will discuss the partnership and friendship between Franklin D. Roosevelt and Winston S. Churchill. As they piloted the free world to victory in World War II, these two iconic leaders spent 113 days with each other and exchanged nearly 2,000 messages, agreeing and disagreeing about how to secure that goal. Discussions will focus on the wartime strategies and goals finalized at conferences held in Quebec, Casablanca, Tehran, and Yalta. Participants should read Jon Meacham's book *Franklin and Winston: An Intimate*

*Portrait of an Epic Relationship*, available from local or online retailers and libraries.

\$45 – facilitated by Randy Wilson, retired Canton Public Library Director, OLLI cinema committee member, instructor, and facilitator.

**6. The Second Red Scare: Hunting Communists in Cold War America**

**Thursdays, June 23 – July 28**

**10:00 a.m. – 12:15 p.m.**

##### **Humana Guidance Center**

As the Cold War between the Soviet Union and the United States intensified after World War II, mainstream Americans became fearful about the threat posed by Communism to American security. Key figures in this period of our history included Joseph McCarthy, Richard Nixon, J. Edgar Hoover, Alger Hiss, Robert Oppenheimer, Martin Luther King, Charlie Chaplin, Leonard Bernstein, and many others. In this study group, participants will learn how Cold War hysteria impacted Americans at that time and perhaps still does. Participants should read *Nightmare in Red: The McCarthy Era in Perspective* by Richard M. Fried, available from local or online retailers and libraries. Participants also need email to participate fully in this group.

\$45 – facilitated by Carol May, retired Social Science Professor at Illinois Central College, OLLI cinema committee chair, study group committee member, and frequent facilitator.

##### **Peoria NEXT Innovation Center**

Back by popular demand, this study group will discuss the third branch of the federal government, the judiciary. Participants will consider concepts and procedures involved in handing down its decisions, the nomination and confirmation process, and overview of the history of the Supreme Court. We'll then turn to significant decisions of the Court dealing with freedom of speech, religion, voting rights, and other issues of importance to citizens in the 2016 political season.

\$45 – facilitated by Rick Grawey, retired 10th Judicial Circuit Judge and OLLI member.

**8. Understanding the World's Greatest Structures**  
**Tuesdays, July 19 – August 30 (Skip July 26)**

**1:00 – 3:30 p.m.**

##### **Peoria NEXT Innovation Center**

What makes a structure – a building, bridge, or tower – great? Its age, size, beauty, or all three? In this group, participants will study the principles of form, function, and structure – the “why”; and the mathematical and mechanical principles – the “how” – of construction. After all, the only thing more awe-inspiring than seeing a great structure is understanding the complex and beautiful

principles behind its construction. We'll discuss structures spanning from 27th century BC to 2012 AD, including Egypt's pyramids, the Parthenon, the White House, the Brooklyn Bridge, and the Burj Khalifa skyscraper. Participants will need access to a computer to view the videos (provided on a USB flash drive).

\$45 – facilitated by Bob Yonker, OLLI treasurer and study group committee member.

**9. The American Dust Bowl and the Art It Inspired  
Thursdays, August 4 – August 25  
10:00 a.m. – 12:15 p.m.**

**Peoria NEXT Innovation Center**

The Dust Bowl of the 1930s is considered the greatest man-made ecological disaster in American history. In this study group, we will investigate both its causes and its effect on the region's inhabitants. We will also take a look at the overwhelming outpouring of art by authors, filmmakers, musicians, painters, and photographers as they recorded events and expressed their own feelings and ideas about the period. We will be using Timothy Egan's award-winning book, *The Worst Hard Time: The Untold Story of Those Who Survived the Great American Dust Bowl*, available from local or online retailers and libraries.

\$45 – facilitated by Sandy Stemler, retired English teacher and a repeat study group facilitator.

**Whitledge Farm, Edelstein**

Do you want a prairie in your yard? Can this be done in the city or county? We will discuss the pros and cons of prairie plantings and the effect on the ecosystem. We will also review some prairie plant varieties and discuss techniques of establishing a prairie planting and attracting birds and butterflies. Participants will be asked to choose a prairie plant to research and present. We will observe and identify native prairie plants and also collect and clean prairie plant seeds. This group will meet at Jerry Whitledge's farm in Edelstein, optimizing the advantage of his ten-acre prairie.

\$45 – facilitated by Jerry Whitledge, an ornamental horticulturist and master gardener who has been establishing prairie plantings for over fifteen years.
