

PersonalCare Diabetic Benefits Effective October 1, 2009

Living with diabetes can be a challenge. Research shows that to maximize your glucose control and reduce your risk of diabetes-related complications, you must check your blood sugar every day using an accurate blood glucose monitoring system.

PersonalCare, administrator of the Bradley University Prescription Plan for the Methodist First Choice Network Option offers the following benefits for diabetic supplies:

FREE LifeScan OneTouch Meter (1 free every 365 days)

- may replace your current glucose meter with a LifeScan meter at no charge
- various meters available including “Ultramini”, “Ultra 2” and “UltraSmart” styles
- to obtain your free monitor:
 - take doctor’s prescription for LifeScan Meter to pharmacy counter, or
 - call 1-888-442-6736, or
 - visit www.OneTouch.orderpoints.com, select Coventry and enter order code 439COV001

\$0 Co-pays on Diabetic Supplies with Prescription

- must have doctor’s prescription for covered supplies and fill at pharmacy counter or through mail order
- test strips must be “LifeScan” brand to receive \$0 co-pay
- supplies such as lancets, syringes, needles, BD pens and alcohol pads with \$0 co-pay may have different manufacturer

Insulin Vials and Insulin Pens With Prescription

- 30-day supply retail co-pay charge of \$10 for generic, \$30 for preferred brand and \$50 for non-preferred brand
- 90-day supply mail order co-pays would be \$20, \$60 and \$100 respectively (prescription must be written for 90-day supply)

Please note: Non-LifeScan OneTouch test strips and monitors will require prior authorization and have \$50 co-pay. A one-time fill for non-LifeScan test strips is approved to allow time to transition to a LifeScan monitor and test strips.
