# WHAT IS OLLI?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization of more than 1,200 members who are at least 50 years old and who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

Our members enjoy the best of life-after-50 with a diverse collection of year-round programs, including non-credit classes, educational travel, study groups, and special events. Our online options allow members to learn via Zoom, a free and easy-to-use video conferencing program.

Please review this month's program options so you can pick what best fits your learning preferences and interests:

- **Online Originals** are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to stay informed about local issues, governmental updates, and business updates.
- **Study Groups (In-Person and Online)** offer opportunities to investigate topics in depth, and are your connection to studying what you most enjoy with people who share your enthusiasm. The groups are participation-based; the facilitators deliver core learning material, but all participants learn by sharing. Participants should expect to read, watch a video, or complete other independent study outside of each group session. Groups start at various times throughout the month, and usually meet for 1.5 to 2 hours for 4 - 6 weeks. Seats are often limited to 15 - 25 participants so everyone has an opportunity to actively participate.
- **Learning Trips (In-Person and Online)** enable members to interact with experts who offer behind-the-scenes looks at area businesses, and regional, national, and worldwide attractions. Our online "Travel Beyond" trips lets

members travel virtually via Zoom. Our hybrid "Support Local" includes a curbside meal pickup followed by a Zoom presentation that allows members to go behind the scenes with owners and chefs.

- **Online Social Events** are hosted by OLLI volunteers several times a month. Each free happy hour has a theme, but you don't have to share - just pop in and enjoy!
- **Online Zoom Training** sessions help members learn how to use the software on their computers, tablets, or smartphones. Led by OLLI volunteers and free to all, our goal is to help members feel comfortable with the technology so they can enjoy their OLLI Online experiences.

## A LETTER FROM OLLI'S STUDY GROUP COMMITTEE CHAIR

Dear OLLI members,

OLLI is zooming back, and not just via Zoom! Planning has begun for in-person classes in October. This summer we have in-person study groups ramping up along with trips, OLLI Originals and the whole panoply of OLLI programming.

Last week, we held hybrid meetings of the OLLI Study Group and Curriculum committees. Some participants met in-person at Peoria Next, while others attended via Zoom, using a new piece of technology called an OWL and it was a hoot! (Insert groan here). Zoom was a life saver, allowing us to keep in touch and continue life long learning during the pandemic. There will still be a role for Zoom to play in OLLI's future too, allowing us the opportunity to include friends and faculty who have moved away from Central Illinois.

Many of you may remember attending the OLLI kick-off luncheon in March 2020, the day before the lock down began. Since that time, the OLLI Study Group committee has put on 42 study groups via Zoom with 644 participants and over 75 facilitators. We have learned about Biblical violence, jazz, NAFTA, Alfred Hitchcock, Winston Churchill, disinformation and misinformation, Greek and Roman technology, book censorship, previewed the 2020 election in October, tried our hand at memoir writing, creating cocktails and YouTube videos! And that is just a few of the amazing study groups!

We held online classes every month since May 2020, participated in numerous OLLI Originals, Zoom Happy Hours and created the Support Local Businesses program, obtaining take-out meals from our hard-hit local restaurants, delivered to our cars by our hard-working Continuing Education staff followed the following day by a Zoom presentation from the owners of those restaurants.

All of this was accomplished by the dedication of our Continuing Education staff and the resolve of our volunteers. Hats off to all of you! It has been a challenging year but, in my opinion, we showed ourselves equal to the challenge. I am so grateful for OLLI which has introduced me to a whole circle of new friends and helped sustain me through a pandemic.

We recently concluded a powerful study group on the historical implications of racism, using the *New York Times* Pulitzer-prize winning 1619 Project as our touchstone. We are currently lining up a great set of study groups for this summer and fall, jump in and join volunteers from the Study Group Committee to help plan what's coming on Thursday, July 8 at Peoria Next.

Gary Nelson  
OLLI Study Group Committee Chair

Join OLLI for a carefully tailored virtual expedition covering the geography and wildlife of one of the earth's most pristine environments, on sea as well as on land. Jean Roach will guide us from the volcanic heart of the island topography, to birds, tortoises, sea lions, lizards, most of them in forms conditioned by a Darwinian process of adaptation and evolution. She will discuss the myriad of species found in abundance including land tortoises and sea turtles, land and sea iguanas, the most northern colony of penguins in their miniaturized form, flightless cormorants with no need to fly, mating frigate birds, and the blue and red footed boobies. Jean will share how snorkeling with playful sea lions was a dream come true, and how wildlife with a stunning absence of fear of humans was a highlight among many of this trip of a lifetime. \$10 per person

John Amdall will share what he has learned about Google products and how to use these Google products for specific applications. A laptop or tablet will allow participants to explore these Google tools during the Study Group. Handouts will be provided.
