Bradley University requires a minimum of 124 hours for graduation. A maximum of sixty-six of these may be transferred from a two year institution. The university also requires 40 junior/senior hours (classes 300 and above). To graduate with honors (cum laude, magna cum laude or summa cum laude) students must complete 60 hours at Bradley and have the appropriate GPA.

All students with a major from the College of Liberal Arts and Sciences (LAS) must complete the university core curriculum requirements, the College requirements, and the requirements of their major. Liberal Arts and Sciences requires that a minimum of 30 of the 40 junior/senior hours come from the College of LAS. Students seeking the Bachelor of Arts degree must complete the 201 or higher level course in a World Language. Students seeking the Bachelor of Science degree must complete 15 hours of math, natural science or computer science courses (including BCC requirements).

**BRADLEY UNIVERSITY CORE REQUIREMENTS**

Listed below are Bradley’s University core requirements for all students and the equivalent transfer courses from ICC. Note: classes marked *** may meet the requirements for multiple categories, but they can only count toward one Area of Inquiry requirement (e.g. HUM 125 can fulfill the Fine Arts (FA) or Humanities (HU) but not both). Further, some classes from ICC are the equivalent of a 300-level class at Bradley (e.g. ENGL 111 fulfills the C2 requirement). While the classes are accepted and the credits are earned, students completing these courses would not receive junior/senior credits from Bradley. Students in Biology are advised not to take the ICC equivalent of any junior/senior class.

**Bradley University participates in the Illinois Articulation Initiative (IAI).** Students who complete all IAI GECC requirements except for C1 901 will be able to complete their Bradley Core Curriculum requirements on successful completion of an approved Bradley W2 course.

\(^\text{§}\) Students are required to take two additional courses from two different areas of inquiry (GS/SW, HU, NS, QR, SB); no more than two courses from the same area of study may count toward BCC requirements.  

\(^\text{§}\) To promote an even greater breadth of learning, students in the college of LAS take one more BCC course outside their major cluster area (LAS Out of Cluster requirement); this requirement is not covered by IAI.  

**CORE CURRICULUM CORE PRACTICES**  
REQUIRED: Writing Intensive **WI** 2 tags  
RECOMMENDED: Integrative Learning **IL** 2 tags  

**W1 + W2 courses cannot be used to satisfy WI tag requirements. However, WI requirements are met by IAI.**  

**COMPUTER SCIENCE (CS) AND COMPUTER INFORMATION SYSTEMS (CIS)**  
Students are strongly encouraged to complete specific courses in Computer Science and Math. These courses are considered foundational to the CSIS majors, and most of them are prerequisites for upper level study.  

Listed below are the courses that are required for CS-CIS majors that have a direct equivalent at ICC. In some cases, ICC may have requirements for the Associate's degree that do not have a corresponding class at Bradley; in most cases, department elective credit is given. In other cases, the department at Bradley has a 100-200 level requirement that has no equivalent at ICC. Neither of these sets of classes is listed here. Classes marked “ ** ” are not required but are either recommended or are optional electives.  

**COMPUTER SCIENCE AND**  
**COMPUTER INFORMATION SYSTEMS**  

**BU REQUIRED COURSES (ICC CODE)**  

45 total hours for either major  
Minimum 24 hours 300+ level  
Optional concentrations (12 hours each):
