

# The Stranger

The kid on the street  
taking his dog  
on a walk  
to the park till  
something changed  
he didn't know his  
life was going to change  
it only took one second  
to go from death  
to live and  
from death to  
live like shadows  
they had everything prepared  
they would appear  
like shadows and  
disappear again to  
take him with them  
and leave the dog behind.
