### **Snowflakes**

Snowflakes on the ground  
that sparkle in the sunshine  
will soon melt away

### **June**

June is green  
The color of leaves on a tree  
June feels like an oven  
Warming up my whole body  
It sounds like kids laughing at the park  
It smells like fresh cut grass  
June tastes like chocolate ice-cream  
June is the beginning of a great summer.
