

THE END

In that old mansion
Many secrets await me
I'm in for a scare

Searching in the dark
I am feeling really scared
I can barely see

Not sure about this
Having to find my way out
Running for my life

Hearing many sounds
I feel I hear somebody
I was feeling safe

Forget what I said
All I can see is the dead
This is going bad

I just saw a ghost
Something is charging at me
This might be the end
