

**BRADLEY
UNIVERSITY**

OLL Online MAY 2021

OLL Online Registration is OPEN | SEE PAGE 2 FOR DETAILS

WHAT IS OLLI ONLINE?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization of more than 1,200 members who are at least 50 years old and who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

OLLI Online provides many virtual learning experiences delivered via Zoom, a free and easy to use video conferencing software. Meeting “live” via Zoom allows learning to continue from the comfort and safety of our own homes until we can meet in person again. Please review our current program options so you can pick what best fits your learning preferences and interests:

- **Introduction to Zoom** sessions help our members learn how to use the software on their computers, tablets, or smart phones. Led by a volunteer OLLI instructor and offered free of charge to all, our goal is to help you feel comfortable with the technology so you’ll enjoy your experience with OLLI Online.
- **OLLI Online Classes** are lecture-based courses during which the instructor delivers the learning material with the opportunity for participants to ask questions either during or after the presentation. OLLI Online classes are offered monthly on Wednesdays; they meet for approximately one hour each at 9:00 a.m., 11:00 a.m., 1:00 p.m., and 3:00 p.m.
- **OLLI Online Study Groups** are participation-based; the facilitator delivers core learning material, but all participants learn by sharing. OLLI Online Study Groups usually have an expectation of reading, watching a video, or other independent study outside of each session. Each group starts at various times throughout each month, and usually meet for 1.5 hours to 2 hours for four to six weeks. Seats are usually limited to 15 to 25 participants so that everyone has an opportunity to actively participate.

- **OLLI Online Learning Trips** includes “Travel” Beyond Peoria which is an opportunity to travel virtually via Zoom to visit museums, attractions and speakers around the world. Support Local is our program with area restaurants and businesses which include a curbside pick-up, followed by a conversation or chance to go behind-the-scenes with the owner/chef the next day.
- **OLLI Online Originals** are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to keep informed about specific topics, governmental updates, or business organizations.
- **OLLI Online Free and Social Events** are free social events hosted by an OLLI volunteer several times a month. Each happy hour or book chat has a theme, but it’s not necessary to share – just pop in and enjoy!

A LETTER FROM OLLI CURRICULUM CHAIR

Dear OLLI Members,

OLLI Class Curriculum: Reflection and Outlook

Reflecting on the OLLI Class Curriculum this past 12 months, I believe we are very fortunate to have such commitment from OLLI members, Bradley University and its Continuing Education staff, and the OLLI Executive and Curriculum Committees. Such commitment enabled the release of this May brochure, which concludes the planning for the 2021 spring class curriculum and marks one year of adapting to the COVID-19 challenge by canceling April 2020 onsite classes and pivoting to online classes in May 2020.

As always, volunteer spirit powered OLLI's continued success. OLLI Curriculum Leaders - John Amdall, Ralph Dalton, Bernie Drake, Duffy Armstrong Farrell, Janet McGrath, Rick Gentry, Bev Ketel, York Phillips, and Ken Zika - and Winter Curriculum Chair Tim Bailey transformed the traditional class delivery from April, October, and January onsite sessions to monthly online offerings. And dozens of OLLI instructors and hundreds of OLLI members adapted to online learning to enjoy a total of 80 online OLLI classes over the past year.

As you review this May OLLI brochure and decide on your classes, please reflect on the past year of OLLI classes and also feel very good about OLLI's future. Our OLLI Executive and Curriculum Committees have already defined a strategy toward the return of OLLI classes to more normal-like onsite delivery. In alignment with that strategy, monthly online OLLI classes will pause starting in June 2021 as your OLLI Executive and Curriculum Committees focus on plans for safe, effective, and more normal-like onsite OLLI classes in October. OLLI will keep you informed as specific plans are completed.

Thank you for your OLLI participation.

Best regards,

Rick Burritt
OLLI Curriculum Chair

The *1619 Project* aims to reframe our country's history by delving into the consequences of slavery. Topics include the source of the wealth gap between white and black people; the implications for the health care system in the U.S. and how unconscious racial bias has driven it; housing and traffic and how they are shaped by systemic racist policies and practices; and how the bedrock documents and structure of our government system were influenced by slavery and the desire to maintain slavery as the nation was established and grew. The study group will likely challenge all participants and our understanding of our country.
