WHAT IS OLLI?

OLLI is an acronym for The Osher Lifelong Learning Institute at Bradley University, an organization of more than 1,200 members and who want to stay vital and active as they reach and enjoy retirement. One of the best ways to do that is to keep learning, and OLLI offers many options to do so.

Our members enjoy the best of life-after-50 with a diverse collection of year-round programs, including non-credit classes, educational travel, study groups, and special events. Our online options allow members to learn via Zoom, a free and easy---use video conferencing program.

Please review our program offerings, both in-person and online, so you can pick what best fits your learning preferences, interests, and schedule.

OLLI Originals are exclusive talks with local leaders and businesses from the community and beyond. These one-hour sessions are a great way to stay informed about local issues, governmental updates, and business updates.

Study Groups offer opportunities to investigate topics in depth, and are your connection to studying what you most enjoy with people who share your enthusiasm. The groups are participation-based; the facilitators deliver core learning material, but all participants learn by sharing. Participants should expect to read, watch a video, or complete other independent study outside of each group session. Groups start at various times throughout the month, and usually meet for 1.5 to 2 hours for 4 – 6 weeks. Seats are often limited to 15 – 25 participants so everyone has an opportunity to actively participate.

Learning Trips enable members to interact with experts who offer behind-the-

scenes looks at area businesses, and regional, national, and worldwide attractions. Our online “Travel Beyond” trips let members travel virtually via Zoom. Our hybrid “Support Local” includes a curbside meal pickup followed by a Zoom presentation that allows members to go behind the scenes with owners and chefs.

Online Social Events are hosted by OLLI volunteers several times a month. Each free happy hour has a theme, but you don’t have to share – just pop in and enjoy!

Online Zoom Training sessions help members learn how to use the software on their computers, tablets, or smartphones. Led by OLLI volunteers and free to all, our goal is to help members feel comfortable with the technology so they can enjoy their OLLI Online experiences.

OLLI Classes offer learning about the topics you choose, taught by engaging volunteer instructors, on a college campus, with people your age, and no tests or grades. Add time for socializing, and you have a sense of what we love to do. Classes meet at Bradley University on Wednesdays in April and October, and we're working on a new program format for January and February. Our Winter in-person classes provide a friendly, welcoming environment with free parking on campus. Hybrid and Zoom classes are also available.

A LETTER FROM YOUR OLLI PRESIDENT

Hello OLLI Members,

I am writing this to you as I begin my term as your OLLI President. I am truly honored to be leading this amazing organization. When I joined OLLI in January 2017, I didn't know anything about OLLI except that it looked like some interesting programs were offered. I jumped in with both feet and I am glad I did. OLLI has changed my life! I have met people I would never have met if it weren't for OLLI. I have learned about topics that I would not have had the opportunity to learn about without OLLI. I have visited places that I would not have been able to go but OLLI offered me access to these places. I am so grateful for how my life has been enriched by the people I have met and the things that I have learned. If an OLLI event is on my calendar, I know it is going to be a great day.

First, I want to say thank you to those of you that have attended OLLI programs over the last two years via Zoom. I am tired of the term "pivot," but it really describes what OLLI did. Our truly amazing Continuing Education staff almost instantly turned our programming to Zoom. The staff and volunteers even taught our members how to Zoom. The results have been mind boggling. Did you always want to go to Alaska? Have you longed to see the Chihuly Museum? Are you curious about the Everglades but you don't like mosquitoes? OLLI took us to those places and so many more.

As OLLI transitions to in-person programming, we get to see and be with each other in person in classes, study groups, and on learning trips. It is a time we have been eagerly awaiting. If you are reading this and have not come back to in-person events yet, we hope you will. OLLI knows we each have different levels of comfort with meeting again in person. We respect that and at the same time we look forward to seeing you in person at OLLI!

Last season, John Amdall had an "ask" as he was ending his term as our President: to consider stepping up and **volunteering** your time to our wonderful organization. Frankly our OLLI could not operate without volunteers. You can spend as much - or as little - time as you want volunteering. Volunteer to host an OLLI class or study group, or pop in on a committee meeting to offer ideas for new programming. It is fun to get involved and gives you more insight into how OLLI works.

I have another "ask" as your new President: **invite a friend** to the next OLLI event you attend. Many people say that OLLI is the best kept secret in Peoria. We won't want OLLI to be a secret! Right now, more than ever, people need personal connections. Reach out to your friends, relatives, neighbors, and former work colleagues and invite them to join you at an upcoming OLLI program. They will thank you once they experience all that OLLI has to offer!

As we head into summer, I hope to see you at OLLI!

5. Visiting the Ancestors:

Archaic Africans, Neandertals, and Beginnings

Friday, July 29

12:00 – 1:00 p.m.

Online via Zoom

Genetic and genomic data show conclusively that modern humans first emerged in Africa and moved into Eurasia and ultimately the Americas. While the genetic evidence generally takes center stage, morphological studies of fossil human (hominin) and archaeological material demonstrated this pattern first and remain robust indicators of the pattern of modern human origins and migrations. Join OLLI as Fred H. Smith, a paleoanthropologist who has studied the origins of modern humans for more than 50 years, will review this evidence, particularly the fossil human record, and discuss the contributions these non-genetic data make to the understanding of human evolution. So while modern humans are primarily derived from an African ancestry, Neandertals are our ancestors, too!

STUDY GROUPS

Study Groups offer an opportunity to investigate a topic in depth. Most study groups typically meet once a week for four to six weeks.

1. Intuitive Art

Thursdays, June 9 – 30, 10:00 – 11:30 a.m.

Universalist Unitarian Church

Art is not limited to certain individuals who may have a degree or a particular talent. Art is for everyone. Join us to explore the concept of Intuitive Art, which allows us to observe and try out the thoughts that come to us in colors, shapes, images. We'll begin the session by putting warm colors on a canvas. We'll continue from there with some prompts, then continue with what comes to you intuitively. There are many layers to intuitive art and it changes as you work on your piece. This is not a class where we all paint the same penguin, the idea is to experience creative freedom. All of the art that is done will be completely and beautifully different and all yours. Come with an open mind and be prepared to surprise yourself and bring their thoughts and impressions to our in-person gatherings. \$45 – facilitated by Carol Manny, a local artist and retired teacher. (NF/NG)

2. Prune Don't Dig: How To Trim Trees

Mondays, June 13 – July 11 (skip July 4)

9:00 – 11:00 a.m.

Peoria Next Innovation Center

Every gardener makes decisions for the next generation when pruning a tree. Today's pruning, or the failure to prune, will determine whether the tree will survive a wind storm 20, 50, or 100 years in the future. A few key pruning principles can make all the difference. Yes, conifers can also be pruned. During the first two sessions, we will cover the fundamental principles of pruning. The third session will feature a walking tour of the Bradley campus, weather permitting. During the last session, participants are invited to share photographs of good, bad, and “to be” pruned trees for discussion and coaching. If time allows, bonus topics may include perennials and gardening tools. After this learning experience, you may never again look at a tree in the same way.

\$45 – facilitated by John Amdall, OLLI past president, frequent facilitator and instructor, and member of the American Conifer Society. (RF/RG)

As flying colors flutter near flowers in your gardens, their beautiful wings catch your eye! Can you identify what you see? Is it a moth, a butterfly or a hummingbird? In this study group you will learn specific techniques to identify Native butterflies in Central Illinois. Butterflies are particular about the plants they visit so it is important we learn the plants butterflies depend upon for both food (nectar plants) and to rear their young (host plants). If you find a caterpillar on one of your plants, this group will teach you how to raise them to become butterflies. The fourth week, we will “travel” to the country of Peru to learn about tropical butterflies and discover why there are more species of butterflies in Peru than any other country in the world, even more than Brazil. The fifth week we will meet at several local butterfly gardens to view these beautiful creatures in their natural setting.

\$45 – facilitated by Patricia Melaik, University of Illinois Extension Master Gardener and Master Naturalist, butterfly enthusiast, and frequent OLLI facilitator.

1:30 – 3:00 p.m.****Peoria Next Innovation Center**

Come along with us once again as we look at the works of several gifted Native American novelists, poets and short story writers, all award-winning writers whose work reflects their culture as they tell their stories. We will read novels by contemporary writer, Brandon Hobson and by N. Scott Momaday, whose Pulitzer Prize winning work brought Native writing to mainstream America and who is often considered the Dean of Native American writers, along with short stories and poems with links and PDFs to be provided. While the experience of Native Americans is as varied as that of any group, we follow the characters in these selections as they find their places in everyday life within their American history and “in the memories of their blood” (Momaday) on or off the reservation.

To make sure participants have time to enjoy reading these works, our meetings are scheduled two weeks apart. All reading materials will be available online, are accessible from the public library, or as provided by our poetry leader, Dr. Claire McQuerry.

The three parks are located in the Sky Island region, which is one of the world’s premier biodiversity hotspots. Lower elevations support desert grasses and shrubs, while higher areas harbor oak woodlands and pinon-juniper forest. In this virtual program, we will explore the different ecosystems that can be found there and some of the plants and animals that call them home, as well as how the unique rock formations at Chiricahua were formed. Rising sometimes hundreds of feet into the air, many of these pinnacles are balancing on a small base, seemingly ready to topple over at any time.

In the afternoon we will explore the Butterfly House, located in St. Louis County’s Faust Park, an 8,000-square-foot glass conservatory where visitors mingle with more than 60 species of the world’s most beautiful tropical butterflies in free flight and enjoy nearly 100 species of exotic flowering tropical plants. We will see enormous species diversity from Costa Rica, Malaysia and the Philippines. The Miracle of Metamorphosis display exhibits chrysalides with butterflies emerging as visitors watch. THANK YOU TO OUR DONORS

Hello Friends, and Happy Summer! The Continuing Education staff is delighted to present our OLLI summer schedule (the first full-length catalog we've printed and mailed to nearly 8,000 households since January 2020!) and we are eagerly anticipating meeting in person as we did pre-Covid. I hope that the offerings in this brochure help you to plan times to gather with your OLLI friends. The entire staff has missed seeing you in person very much, me included!

Over these years of the pandemic, I have developed a skill I didn't have before ... and I'm finding out that I'm pretty good at it! Who knew? Until now, I've never been comfortable with pots and pans or figuring out what spices to add, but I finally learned to make the Riggio Family lasagna. And it tastes good! Really! I'm as surprised as my friends and family are that I can actually cook something.

What I am not good at though, is what I need to do in this note to you: I need to ask for your financial support for this program that we all love.

During these many months we have not been able to gather for classes, study groups, trips, and social events, we have also not been together to ask for your gifts to support our program. And, to be as open with you as I can, I must tell you that we have fallen behind with the fundraising we need to do.

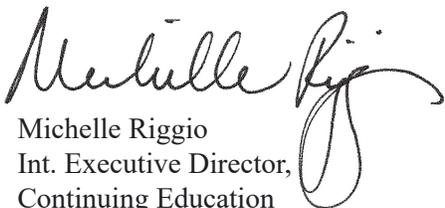

So, courage raised here, I am asking you to consider a gift to OLLI. If you are a new donor, welcome, welcome, welcome! And thank you. If you are a past donor, please know how much we treasure your loyalty and generosity. We are grateful that some of you have increased your gift or are considering giving monthly or quarterly, which makes it easier to increase your donation. We thank you too for recognizing friends' birthdays and anniversaries through a gift to OLLI and for sharing affectionate memorial gifts for friends and family members who have gone from this life. Your donations are making an immediate impact on our program - in fact, generous donations have made this printed brochure possible while we wait for our program fees to get back to normal levels.

We've always said that our OLLI is the best in the nation. We also know that our OLLI members, too, are the best, and we thank you for the love and support you show for the program that means so much to all of us.

So now that I've got this lasagna thing down pat, I might think about other dishes to stir up in my kitchen. It's really nice to say to myself, you did it and it wasn't so bad. (And it tastes good.)

Asking you to donate? I don't know if I'll ever get comfortable with that. Only because OLLI is such an important part of our lives do I have the courage to ask you to give. Thank you for considering making a gift today at bradley.edu/olli or calling our office at (309) 677-3900.

Looking forward to seeing you soon,

 Michelle Riggio
 Int. Executive Director,
 Continuing Education
mriggio@bradley.edu

It's true... Continuing Education staff members really are amazed with the homemade lasagna!

ATTENDANCE

Please only attend programs for which you are enrolled. During classes, if you would like to leave one and choose an alternative class, please speak with staff at the registration desk before doing so. It is important that everyone who registers for a class have a seat.

CELL PHONES

Please silence your phone before every program. If you are using a cell phone or a tablet to take notes, make sure the key strokes have been silenced, too.

DIETARY CONCERNS

All OLLI programs will provide options for vegan, vegetarian, and gluten-free meals upon request. If you have a dietary issue, please contact our office at (309) 677-3900 at least two weeks before your program, so we can meet your dietary needs.

DRIVING ON TRIPS

We encourage all of our trip participants to use OLLI's shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Plus, traveling as a group allows for more socializing!

GUESTS/INVITE A FRIEND

We encourage members to bring a friend to enjoy an OLLI class for one session at no charge. If you have a friend who has never been to OLLI classes and would like him or her to attend as your guest for one session, please contact our office at (309) 677-3900 at least one day in advance so we can have a list of available classes prepared for the visit.

It is important to reserve this privilege for those who haven't yet experienced OLLI classes.

LEARNING ENVIRONMENT

OLLI subscribes to an environment of thoughtful discussion and mutual respect which is at the heart of a university-based experience. We value our participants and those who volunteer to share their time, talent, and organizations with us. These ideals enable us to enjoy the constructive exchange of ideas and remain informed and excited as lifelong learners. We embrace these ideals as a commitment to civility and academic freedom.

NEWSLETTER

If you share your email address with the Continuing Education staff, you will receive an e-newsletter every Tuesday. This e-newsletter includes information about upcoming OLLI events, Bradley University updates, and other news that may be informative to our members. To subscribe, please send an email to olli@bradley.edu.

PARKING FOR CLASSES

We offer a "park-and-ride" option so you can park in large lots near campus and enjoy drop-off service at the front door of the Michel Student Center. Information will be mailed with your class schedule.

If you choose to park at Shea Stadium, located near the Ag Lab at the corner of University and Nebraska avenues, a Peoria Charter Coach will transport you to and from campus. If you park at Westminster Presbyterian Church, 1420 W. Moss Avenue, the OLLI shuttle will transport you to and from campus.

Volunteer parking coordinators are located at both sites to assist you with your parking needs.

Because OLLI provides park-and-ride service, OLLI members are not allowed to park anywhere on campus (including the Visitor's Lot) or in Campustown. If you park in these areas and receive a ticket, you will not be eligible for an appeal and will be required to pay the fine.

CLASS PARKING PERMITS

For our members taking classes who have state-issued handicapped placards or license plates AND are physically unable to utilize our door-to-door shuttle service from Shea Stadium and Westminster Church, we have a very limited supply of handicapped-accessible parking permits for use during classes. At a cost of \$10 each, these permits allow you to park in a handicapped or white-lined space on campus for all four class dates. All requests must be made via telephone to Bonnie Davis at (309) 677-2523 three weeks prior to the first day of in-person classes. When you call, please be prepared to provide your license plate number, your placard number and expiration date, and the make, model, year, and color of your vehicle.

PARKING FOR EVENTS, TRIPS AND STUDY GROUPS

Parking information for all programs will be provided with your registration confirmation materials. For learning trips, we provide reserved parking in the Campustown shopping center (across the street from Bradley), the departure location for our trips. Most study groups meet at locations throughout the Peoria area that have ample parking.

PERFUME AND COLOGNE

Many members have sensitive respiratory systems which can be exacerbated by strong odors. Please avoid wearing strong perfume or cologne.

PHOTOGRAPHY

Photographs are taken during all OLLI programs. Your registration gives consent for any such photographs to be used for advertising and publicity purposes by Bradley University, its licensees, and/or member organizations, and you waive all claims for compensation for such use or for damages.

QUESTIONS

OLLI loves questions! Please remember during our classes, groups, events, and on trips to keep questions brief and relevant during the Q & A allotted by the presenter.

REQUIREMENTS

There is only one requirement to participate in OLLI: you must have a love of learning! If you meet this “pre-req,” OLLI offers you a variety of learning experiences in a relaxed and friendly environment.

SCHEDULES – CLASSES

Class schedules are provided via email; if we do not have an email on file for you it will be sent via mail. On the first day of classes, you’ll receive a name tag with your schedule.

SHUTTLES

Thanks to the generous donations of our members, OLLI owns two 14-passenger shuttles. We encourage all of our trip participants to use OLLI’s shuttle transportation, as many of our trip sites have limited parking and require the group to arrive at one time. Our class shuttles provide door-to-door service from our park-and-ride lots, which makes parking a breeze.

STAFF

OLLI is hosted by Bradley University, which recognizes OLLI as a standard for excellence in lifelong learning. Bradley supports OLLI through the Division of Continuing Education and Professional Development, which assists OLLI with leadership, staff, meeting space, and oversight.

VOLUNTEERING

Volunteers play a vital role in OLLI operations, and volunteering is a great way to get to know other members and feel more connected to our learning community. The benefits of volunteering include the opportunity to share your experiences, develop new skills, contribute to OLLI’s success, provide input into our programs, and support our mission of lifelong learning. To learn more, please contact the Continuing Education office at (309) 677-3900.

WAITLISTS

Many of our programs, especially learning trips, fill quickly. If you find a program full at the time of your registration, please ask to be placed on a waitlist so you can be called when another member cancels or if we are able to increase the program’s seating capacity.

WEATHER

In the rare case that Bradley University is closed due to inclement weather, all OLLI programs scheduled for that day will also be cancelled. Please refer to local television and radio stations for closing information.

OLLI VOLUNTEERS – THEY GET THE JOB DONE!

OLLI volunteers are the heart and soul of our organization – thank you all very much!

OLLI'S 6th Annual Trivia Night

BRING BACK THE 80'S

Thursday, May 19, 2022
Hayden Clark Alumni Center
Bradley University, 6:00-9:00 p.m.

\$45 pp, includes heavy hors d'oeuvres and dessert
Hosted by Greg Batton & Dan DiOrio of WMBD-1470

It's time to RECRUIT YOUR TEAM AND REGISTER!

We'll be back on the Bradley campus once again emceed by WMBD 1470-AM radio personalities (and OLLI instructors) Dan DiOrio and Greg Batton.

The theme for the evening's dress and table decorations is Bring Back the 80's. We can't wait to see who comes dressed in leg warmers, parachute pants, or perhaps a vintage Member's Only jacket. Of course no costumes necessary - just come as yourself.

Remember, you don't need to be a 80's expert to answer the questions - only a handful of them will focus on that specific decade.

For just \$45 per person (\$360 for a table of 8), the evening will include hors d'oeuvres, coffee, tea, and cash bar; eight rounds of trivia fun; prizes for the first place team, best-decorated table and best-dressed team; and lots of fun.

If you don't have a team, no worries. We'll place you on one, and you'll have a great night while we raise money for our shuttle savings fund, student volunteer awards, audio-visual purchases, and more!

Thank you in advance for supporting OLLI on this fun and relaxing evening.
