 1. Hello, I hope everyone is having an awesome Monday! I am unable to attend today's GA due to attending a conference out of town.
 2. I attended a Civic Engagement Committee Meeting this past Wednesday on behalf of Senate along w/ Allie Hoffman. The goal of the committee is to explore ways in which to get 2,000+ Bradley Students registered and informed to vote by the November 2018 election. If Bradley can increase student voter registration, Bradley will be looked at for future election polling locations, candidate debates, speaker series, and overall higher

profile. Recommended Angelica Ballestas to also serve on the committee given previous experiences and perspective.

3. Brief update on Campus Food Pantry - We looked at a space in the Markin basement this past Monday which is perfect for what are looking for. It has great shelving already set up for items and is tucked away from the public yet still on a main part of campus. Melissa Wyas is leading the charge on this project and has done a fantastic job. We are meeting with Ben Wright in the near future to go over funding and further planning. Our goal is to have a pilot program later this spring and be fully running in September/October of 2018. If you have any thoughts/interest/questions in assisting with this project, feel free to let me know.
4. CrossWalk Safety idea - Goal is to collaborate with Brandon (Campus Safety), BUPD, & Facilities in advocating for crosswalks to have red paint inside the white paint as an extra emphasis for people to stop at crosswalks. The red paint would give additional Bradley spirit in busy spots around campus. Social media, The Scout, and other news sources would be used to promote the purpose of the idea to Bradley community. Will work on project this week and set up necessary meetings with BUPD, Facilities, etc... Let me know thoughts!

 - d) Senator Dawson: why did the Norris Chase never get to answer questions? The people asking the questions were wanting other administrative feedback
