FOR JOB FAIR SUCCESS

5 *Job Fair Tips:*

- ❑ Find a Smith Career Center *staff member in red* if you need help or have questions.
- ❑ *Practice* your 30 second introduction at the help desk.
- ❑ Wear your name tag on the *right side*.
- ❑ Remember to *breathe and take water breaks* when needed.
- ❑ *Take notes* after visiting each company to remember names and key information.

4 *Job Fair Do's:*

- DO** take 5 minutes to look a company up on your phone to *learn more about them* and the jobs they are recruiting for, *before* you approach their booth. Research matters!
- DO** greet the recruiter with a firm *handshake* and establish *eye contact*.
- DO** ask *informed questions*. How would you describe the ideal candidate? What are the keys skills that help a person succeed in this job? How did you get started with the company? OR ask a question about something you learned or observed on their website.
- DO** *thank the recruiter* for their time and inquire about next steps and ask for a business card so you can follow up.

3 *Job Fair Don'ts:*

- DON'T** ask, tell me about your company? What positions do you have available? You should know that already. These types of questions *make you look unprepared*.
- DON'T** lead with your resume. Lead with your *30-second introduction*.
- DON'T** ask questions about *salary, benefits or vacation time*.
