EXECUTIVE SUMMARY

New This Year

Bradley University recently reorganized graduate education, eliminating the Graduate School and aligning them with their respective colleges. In this report, we reorganized the reporting of graduate outcomes and salary information to reflect this.

Internships and Experiential Learning

The First Destination Study has traditionally reported on the internship and experiential learning history of each graduating class. Since the 2022 First Destination Study, the percentage of students completing a Registered Internship is reported along with the percentage of students completing an Experiential Learning activity. Registered internships are approved by representatives of each College and require students to enroll in a co-op/internship course, which integrates classroom theory with career-related work experience. New first year students admitted in fall 2020 had Experiential Learning included as a Core Practice of the Bradley University Core Curriculum. This graduating class of 2024 had a large number of these students.

Scope and Methodology

This report includes data about the August 2023, December 2023, and May 2024 Bradley University baccalaureate and graduate degree recipients. The study utilizes data from 86% of all baccalaureate degree recipients and 93% of all advanced degree recipients. Data were collected from students via graduation fair surveys, online surveys, telephone/email/text solicitations, alumni records, social media research, and input from faculty, staff, and employers. Data collection concluded December 31, 2024.

Career Outcomes and Knowledge Rate

The Bradley University career outcomes rate for the 2023-2024 baccalaureate graduating class is 93%, which is slightly above the five-year average (91%). The graduating class experienced the COVID-19 Pandemic, which continues to influence outcomes and averages.

The career outcomes rate is calculated by dividing the number of students who are employed or continuing their education by the total number of students about whom we have information. We successfully contacted, surveyed, and/or researched 964 of our baccalaureate graduates, which resulted in an 86% knowledge rate. The term “knowledge rate” defines the percentage of graduates for whom we have reasonable and verifiable information concerning the graduates’ post-graduation career activities. Our knowledge rate is considerably higher than the national recommended minimum knowledge rate of 65%.

Registered Internships

The Bradley University registered internship rate for the 2023-2024 baccalaureate graduating class is 40%. Of the 964 graduates, 40% (382) had a *registered* internship. Baccalaureate graduates conducted *registered* internships with 255 different employers. The rate of registered internships increased from 25% in 2021-2022 to 37% in 2022-2023 to 40% in 2023-2024. The earliest registered internship completed by a member of this class was in Spring 2020.

Employers

Baccalaureate degree graduates were employed with 414 different employers in 32 states and 5 countries. Graduate Degree Recipients were employed with 311 different employers in 39 states. The diversity of employers is a benefit for our graduates.

Smith Career Center

93% of baccalaureate graduates used the services of the Smith Career Center while attending Bradley University. There are multiple ways for students to engage with the Smith Career Center. 80% (775) of this graduating class engaged in individual meetings with SCC staff members (scheduled one-on-one appointments, walk-ins, phone meetings, and significant email engagements). 62% (594) of the class attended at least one career fair.

Standards and Protocols

The terminology, standards, and protocols of the National Association of Colleges and Employers (NACE) are utilized throughout this study. NACE is the preeminent national organization focused on the employment of the college educated.

The NACE First-Destination Survey Standards and Protocols encourage continuous engagement with graduates so that *data collection is ongoing rather than episodic*, accept a variety of *legitimate sources of finding critical outcome information*, and support the collection of data that *are reliable and verifiable*. Some students in this class had indicated that they were seeking employment prior to their graduation. Multiple attempts were made to verify this information: by email, text, and phone call; through internet searches including social media searches; by examining activity evidence in Bradley netWORK; and by outreach to academic faculty and student services staff. If we had no other information collected at any time after their graduation, we were unable to verify the accuracy of their status so these students were classified as Not Reported.

Communication with NACE Research Staff advised excluding extreme salary outliers defined as values below minimum wage and above \$1,000,000. Minimum wage is defined as the Illinois minimum as of 2024.

BACCALAUREATE DEGREE CAREER OUTCOMES 2023-2024

College	Graduates	# With Data	Knowledge Rate	Employed	Continuing Education	With Career Outcomes

EMPLOYMENT HIGHLIGHTS OF BACCALAUREATE GRADUATES

- 73% (580) of all reported baccalaureate graduates are documented as employed.
- 66% (380) of those employed are employed in Illinois.
- 4% (23) of those employed are employed in Missouri.
- 4% (21) of those employed are employed in Wisconsin.
- 2% (12) of those employed are employed in Florida
- 170 graduates are employed in Chicago and the surrounding suburbs. This represents 29% of those reported as employed. Chicago and the surrounding suburbs are defined as all the cities in Cook, DuPage, Lake IL, Lake IN, and Will Counties.
- 170 graduates are employed in the Peoria area. This represents 29% of those reported as employed. The Peoria area is defined as all the cities in Marshall, Peoria, Stark, Tazewell, and Woodford Counties.
- Baccalaureate graduates are employed with 414 different organizations.
- Baccalaureate graduates are employed in 32 different states or territories (see below).
- Baccalaureate graduates are employed in 5 countries outside the U.S. (see below).

States Where Graduates Are Employed

(states in which 5 or more graduates are employed are **bolded**)

2023-2024 graduates.

TOP EMPLOYERS BY COLLEGE and GRADUATE PROGRAMS

Foster College of Business

Baccalaureate graduates are employed at 67 different organizations.

Organizations employing 2 or more students:

- Caterpillar Inc.
- Deloitte
- Echo Global Logistics
- Enterprise Mobility
- Gartner, Inc
- Plante Moran
- R&M Consulting
- RSM US LLP
- ULINE
- W. W. Grainger, Inc.
- Weber Inc

Slane College of Communications & Fine Arts

Baccalaureate graduates are employed at 91 different organizations.

Organizations employing 2 or more students:

- Bradley University
- KFLO Entertainment, Inc.
- Simantel Group

College of Education & Health Sciences

Baccalaureate graduates are employed at 77 different organizations.

Organizations employing 2 or more students:

- Advocate Children's Hospital
- Advocate Health Care
- Advocate Lutheran General Hospital
- Carle Health - Methodist Hospital
- Northwest Community Hospital
- Northwestern Medicine
- Northwestern Memorial Hospital
- OSF Children's Hospital of Illinois
- OSF HealthCare System
- Peoria Public Schools District 150
- St. Luke's Hospital

Caterpillar College of Engineering & Technology

Baccalaureate graduates are employed at 101 different organizations.

Organizations employing 2 or more students:

- AECOM Hunt
- Caterpillar Inc.
- Collins Aerospace
- CORE Construction
- F.E. Moran Group of Companies
- HNI | HON | Allsteel
- IMEG Corp
- Kiewit
- Komatsu America Corp.
- Milwaukee Tool

REGISTERED INTERNSHIPS OF BACCALAUREATE GRADUATES

The Springer Center for Internships administers Bradley’s centralized Cooperative Education and Internship Program and oversees students’ registration in a co-op/internship course, which includes reflective learning to enhance career-related work experience.

As Experiential Learning is required for all students, the Smith Career Center and Springer Center for Internships provides information on *registered* internships.

Highlights include:

- 40% (382) of all baccalaureate graduates had a *registered* internship.
- Baccalaureate graduates *registered* 386 internships with 255 different employers.
