Club Sports/Extracurricular FERPA Release

In order to release/verify student academic information for club sports or other extracurricular participation/competition, the Office of the Registrar must have signed written release for each student to be included in the verification. This form may be used to collect FERPA release authorization if the certification form to be completed does not include an authorization statement and each student's signature. It is preferred to have all signatures on one form, but multiple forms are acceptable if needed. This is a one-time release. A new form should be prepared and submitted with each verification request.
