WHY WE RUN

ABOUT THE RUN

The Delta Upsilon Mental Health Awareness 5K brings students, families, alumni, and the Peoria community together for a visible show of support around mental health. The event is designed to raise awareness, direct support toward trusted mental health organizations, and remind participants that mental health matters.

We have seen people we love and care about struggle with their mental health, and that has shown us how important it is to support others in any way we can. Sometimes even small things, like starting a conversation, going out to eat with someone, checking in on them, or reminding them that they are not alone, can make a real difference.
