

Sentry for Third-Party Access

Sentry allows students to grant individuals outside of Bradley University (e.g. parents, guardians, etc.) access to parts of their Bradley records such as grades. Students can follow the steps below to set up Sentry access.

Setting up a User

1. In MyBradley click on Sentry on the left-hand menu.
2. You will be prompted to add a person. Enter what you'd like the Login Name and Password to be for the individual you are giving access to and click Add.
3. On the Next page you will be shown the individual and the options of permission you may grant them. You may select or deselect these options as needed.
4. Send the individual the Login Name and Password you created for them as well as your BUnetID (prefix of your bradley email) and the website **sentry.bradley.edu** which is where they will login to view what you have given them permission for

Adjusting Permissions

You may add or remove individuals or specific permissions at any time by returning to the Sentry tab in MyBradley.
