Instructors

Dr. Lori Russell-Chapin is the Associate Dean of the College of Education and Health Sciences at Bradley University in Peoria, Illinois. She also co-directs the Center for Collaborative Brain Research, a partnership among Bradley University, OSF Saint Francis Medical Center, and the Illinois Neurological Institute. She is a professor and continues to teach graduate clinical counseling courses while working part time in private practice. She is a Licensed Professional Clinical Counselor, an NBCC Approved Clinical Supervisor, a Certified Clinical Mental Health Counselor, and a trained neurotherapist. Lori is an award-winning teacher and researcher at Bradley with numerous peer reviewed journal publications, books, and creative productions.

Dr. Nancy E. Sherman is a professor and Clinical Coordinator in the Department of Leadership in Education, Human Services, and Counseling at Bradley University. Twice a Fulbright Scholar, Dr. Sherman is a National Certified Counselor, Licensed Clinical Professional Counselor (Illinois), and an Approved Clinical Supervisor. Prior to joining the EHC department in 1992, Dr. Sherman held positions as a professional counselor at Denison University; at The Women’s Tri-County Help Center, Inc.; CompDrug, Inc.; and in private practice. Her APA-approved doctoral internship in clinical psychology was completed at the Northeastern Ohio Universities College of Medicine. Dr. Sherman’s research has been published nationally and internationally, with her latest article on volunteerism and older adults receiving recognition as journal article of the year in the Adultspan Journal.

Overview
The Diagnostic and Statistical Manual for Mental Disorders - Fifth Edition (DSM-5®) will be released in May of 2013. The book has taken years of hard work and has involved many disciplines, much debate, controversy, and opportunities for feedback from professional organizations and the public.

This informative workshop will assist all helping professionals in understanding how to diagnose mental disorders using the new DSM-5® system. Please join us for an interactive and instructive day that will prepare you for transitioning to the DSM-5® diagnostic system.

Learning Objectives
Participants will:
1. Describe the major categorical/classification differences between the DSM-IV-TR and the new DSM-5®.
2. Understand changes to the diagnostic process in DSM-5®.
3. Identify disorders that have been added to the organizational system and disorders that have been removed.
4. Practice diagnosing several case studies.
5. Discuss how to transition to using the DSM-5® in their practice.

Parking
Main Street Parking Deck
Corner of Main Street and A. J. Robertson Court
Visitor’s Parking Lot
Corner of Duryea and St. James

Who Should Attend
Licensed Clinical Social Workers, Marriage and Family Therapists, Counselors, Licensed Psychologists, and anyone else who will use the new DSM-5®.
