OSP ANNOUNCES . . .
Upcoming Events and Activities in the Office of Sponsored Programs – November, 2014

Funding Opportunity Lists by Disciplinary Area
Faculty may now access shared searches and shared bookmarks that list funding opportunities in their disciplinary areas through Bradley’s InfoEd SpinPLUS Subscription. Go to www.infoedglobal.com, click on the SPIN link in the top toolbar, and find Public Searches and/or Public Bookmarks links in the top toolbar. Searches will load a pre-generated search to bring up a list of opportunities, Bookmarks will bring up a list of opportunities already identified from searches. Bradley faculty who have established profiles in the system are welcome to edit or add to these shared resources. Short lists of upcoming opportunities are attached for each college as examples of the larger lists available directly from the InfoEd SpinPLUS resource. If you would like a personalized search, bookmarked list of opportunities, or instructions on how to use InfoEd SpinPLUS, please contact the Office of Sponsored Programs at ext. 6777 or ext. 3877.

CTEL Workshops: Applying for Internal and External Grant Programs
Wednesday, November 12th and Thursday, November 13th, 11:45 a.m. to 1:00 p.m.
The Office of Sponsored Programs is pleased to collaborate with CTEL in presenting two workshops on applying for internal (Wednesday program) and external (Thursday program) grants. The Research Excellence Program will be discussed, as well as best practices in identifying and competitively applying for external grants, contracts, and sponsored research agreements. Please watch for a separate announcement in Bradley News from CTEL to register for the workshops.

NSF Invitation for Proposals to Improve our Understanding and Response to EBOLA
NSF has issued a special invitation for researchers to submit proposals for "non-medical, non-clinical care research that can be used immediately to better understand how to model and understand the spread of Ebola" and related issues using the RAPID mechanism. For more information go to: http://www.nsf.gov/pubs/2015/nsf15006/nsf15006.jsp

Meet the 2014-15 OSP Faculty Advisory Board
The OSP Faculty Advisory Board (OSP FAB) has convened with faculty representation from the five Colleges at Bradley University. Representatives are nominated or appointed to serve on the OSP FAB by the deans of the colleges. In addition to making award decisions for the REC Program, the board will be guiding OSP in determining programming and operational priorities for the office, and in determining best uses of recovered indirect costs that are allocated to OSP to further promote sponsored programs activities at Bradley. Meet the 2014-15 OSP FAB by clicking here: http://www.bradley.edu/academic/cio/osp/faculty-advisory-board/

NEW Indirect Cost Rate Distribution Policy
As of June 1, 2014, Bradley University will use a NEW policy to determine how indirect costs recovered on external grants and contracts are distributed to principal investigators, departments, colleges, and other University accounts. The policy and the different formulas that will be used to distributed recovered indirect costs can be accessed here: http://www.bradley.edu/academic/cio/osp/bugets/indirect/
