QUICK GUIDE to HISTORY at Bradley University

WHY STUDY HISTORY SERIOUSLY?
Curiosity. Career opportunities. Critical and creative challenges. And because history matters! It matters to our families, our communities, and our world. It matters to who we are, and who we hope to become.

WHAT CAN I DO WITH A HISTORY DEGREE?
After college, history students take their advanced skills and knowledge to work in many, many fields—too many to count. For some, their degree becomes a stepping-stone to jobs in the Foreign Service, Homeland Security, International Business, Journalism, Law, Library Science, Non-Profit Organizations, and a host of other positions. For others, interpreting the past for a broader public becomes an essential part of their daily life as archaeologists, archivists, curators at museums, and teachers.

We offer Study Abroad courses—past trips include Berlin, Dublin, London, Madrid, Paris, Rome, and Sydney. And we teach in other programs—African-American Studies, Criminal Justice Studies, the Honors Program, Western Civilization, and Women’s & Gender Studies. It may be easier than you think to add another minor or to travel with us!

Our smart, social students get together for History Club and get recognized by the national Phi Alpha Theta History Honors Society.
